

# HORGANS

## Assembly Instructions

### Step 1

### Step 2

**WARNING**  
Make sure the table is in it's final position before attaching the marble top to the base. If you need to move the table more than 2 metres, take it apart first. Moving it while assembled can put too much pressure on the marble top and may cause damage.

TIGHTEN BY  
HAND ONLY  
DO NOT USE  
POWER TOOLS

| ID | Description                                                                                       | QTY |
