

# HORGANS

## Assembly Instructions

1. Unpack all parts and remove all packaging.
2. Place bracket **B** onto socket **A** and tighten socket ring **C**
3. Position shade **D** onto bracket **B**, aligning the letters on the shade with the corresponding letters on the bracket
4. Install one **E27 LED bulb** (15W max) – not included
5. Insert the plug into a power outlet
6. Use the floor switch on the cord to turn lamp on and off

### IMPORTANT SAFETY INSTRUCTIONS:

- Do not connect to power until lamp is fully assembled
- Use only with a 220-240V power supply
- Do not use with an extension cord unless the plug can be fully inserted into the extension socket
- Switch power off and unplug lamp before replacing the bulb.

**Note:** To clean, use soft cloth only. Do not use any chemical or abrasive cleaners
